

3S Lo King Fung

I'm so glad I had the chance to go on this study tour. This experience truly opened my eyes to the vast differences in cultures and histories around the world. The time we spent in the city was particularly mind-blowing; I was amazed by the size of the places.

The most unforgettable moment of the trip was our visit to the gallery. There were so many different artworks and sculptures from various time periods, which I found incredibly interesting.

Although all good things must come to an end, I'm grateful for all the fun we had. I'm so glad I had the chance to be here. I want to thank the school and my parents for making this unforgettable trip possible. I also want to express my appreciation to all the teachers for making this tour so much fun.
