

2025 LFH Australia

Study Tour

**Wildlife &
Conservation**

Caldermead Farm

Gippsland Livestock Breeding Base
(prepared by 6S Calvin and 6K Bobo)

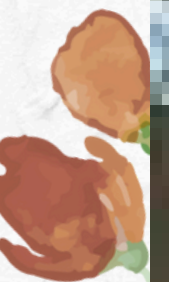

Caldermeade Organic Farm

- enjoy fresh food
- learn about sustainable farming
- connect with nature
- run by scientists, chefs, engineers & farmers
- mission : serve the community with high-quality, nutritious food

Milking Area

- big machines for milking and feeding 🐮 🥛
- milking time: 6:00 a.m. & 2:30 p.m.
- over 500 jersey cows provides beautifully creamy milk

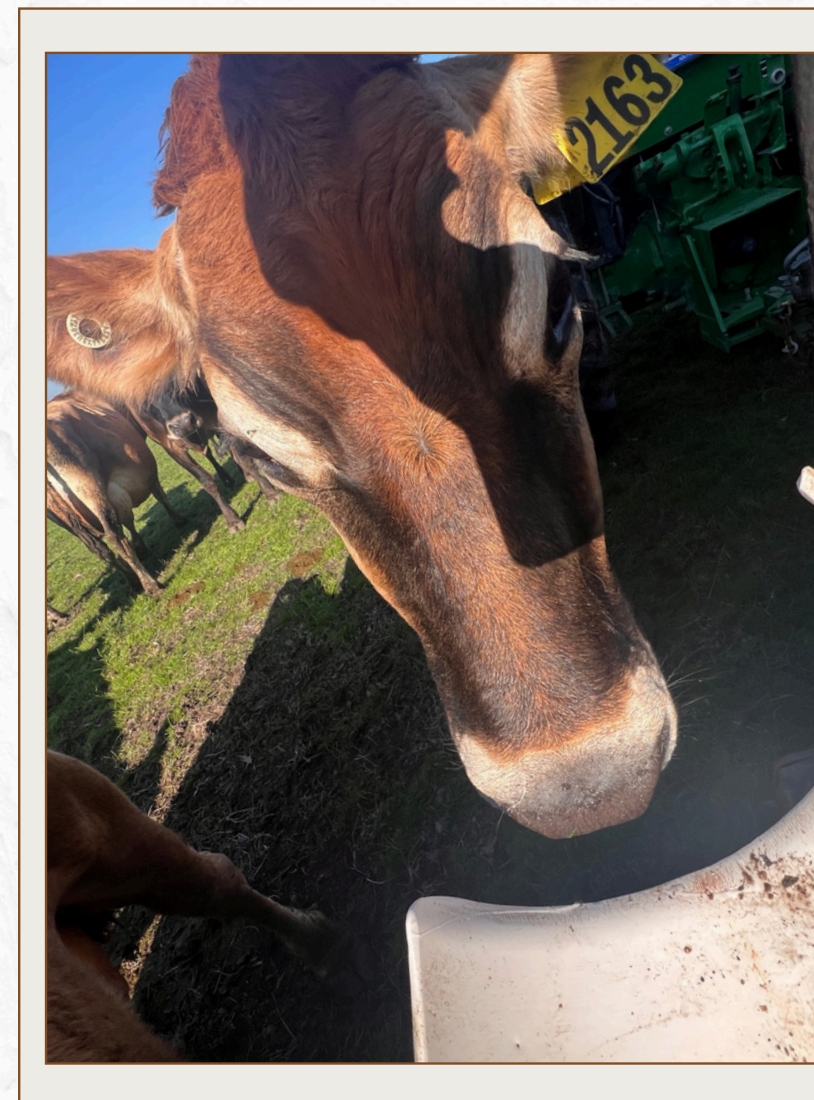

- jersey cows
- known for their rich, creamy and distinctive yellowish milk.
- only fed non-GMO food and mostly eat fresh pasture
- has a lower lactose (sugar) content with more protein, calcium, minerals and fat

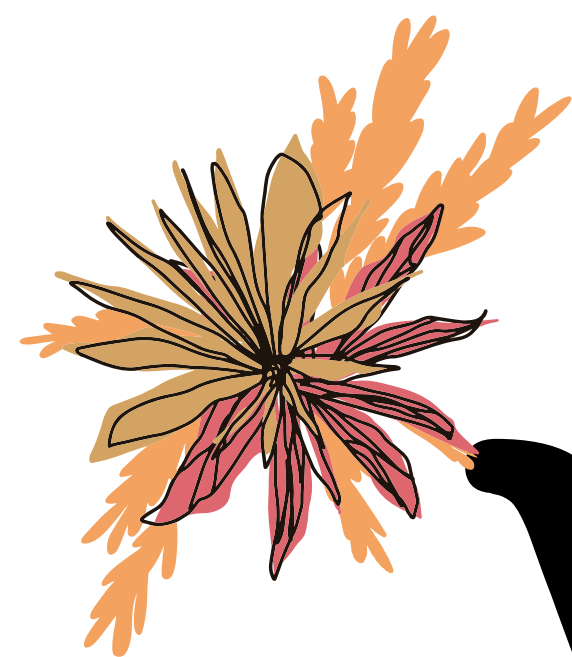

Cow's Features

- Long tail used to repel insects 🪰
- Strong body leading to delicious meat 😊
- Large head and ears, broad forehead

VIDEO

Melbourne Zoo

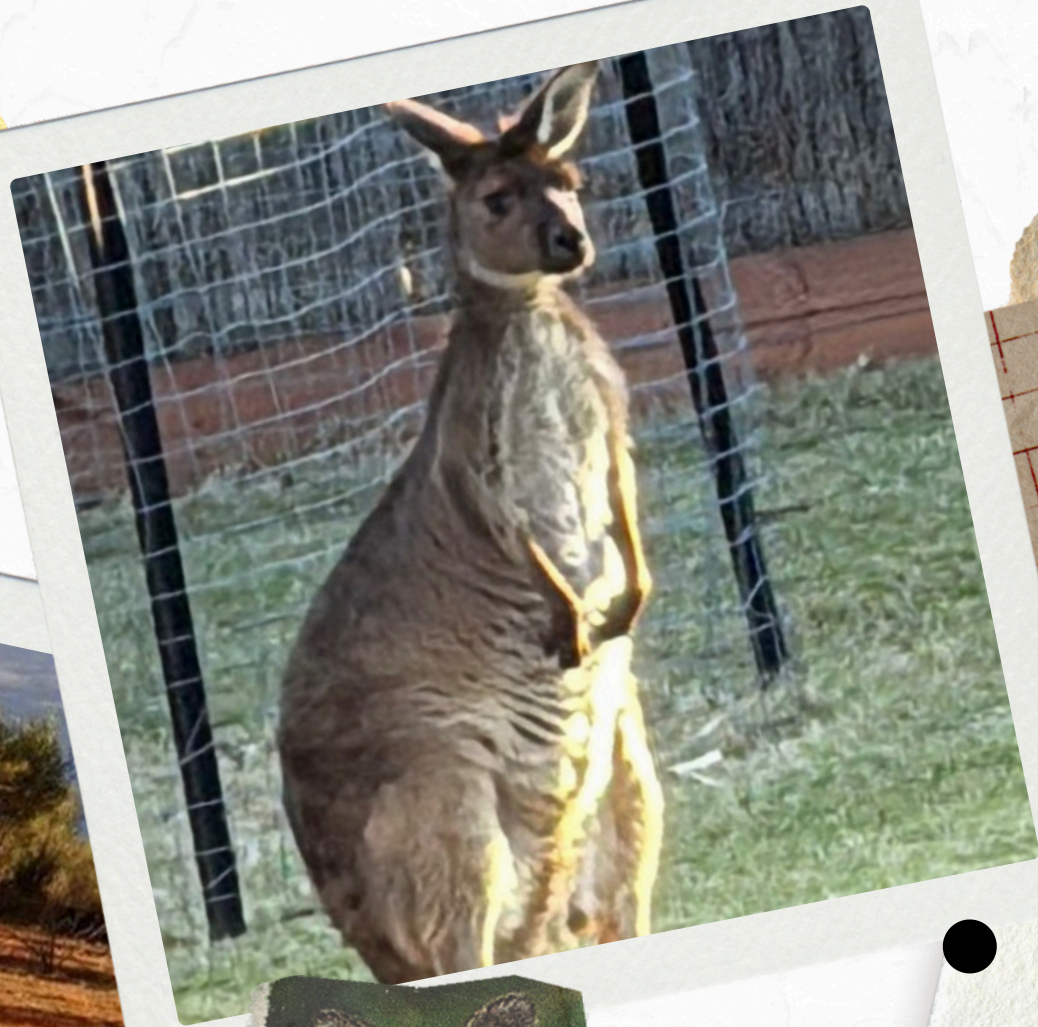

- Opened in 1862
- More than 320 species of animals
- landscape immersion exhibit design

Target:

No native species will become extinct

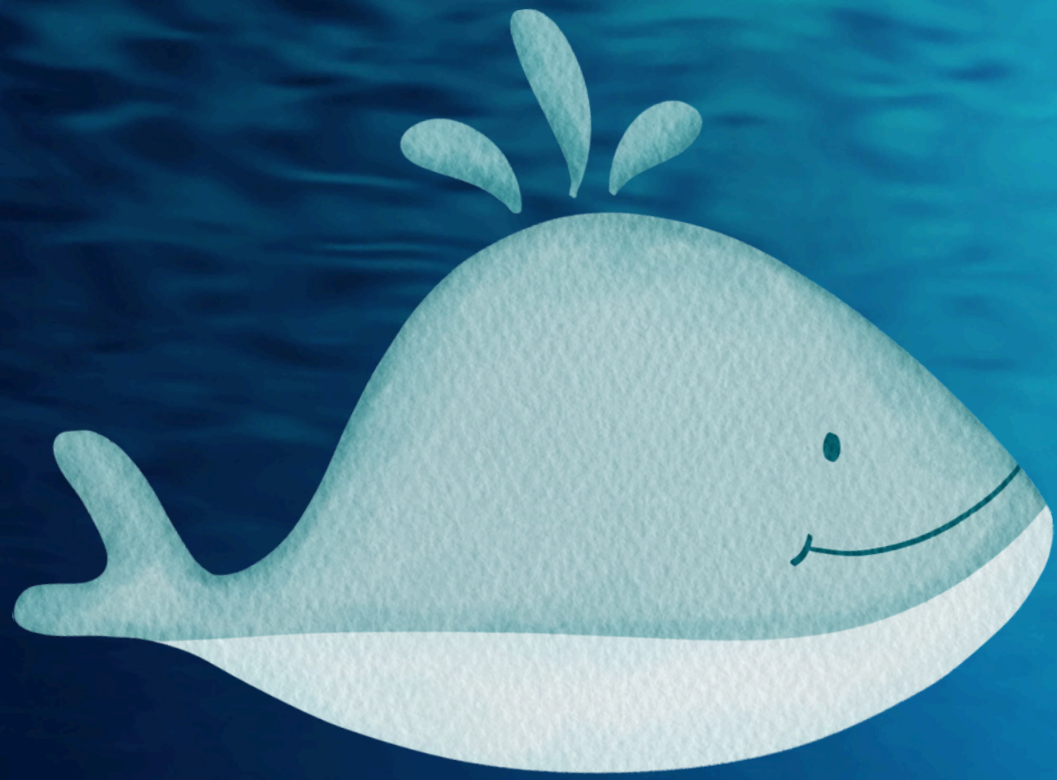

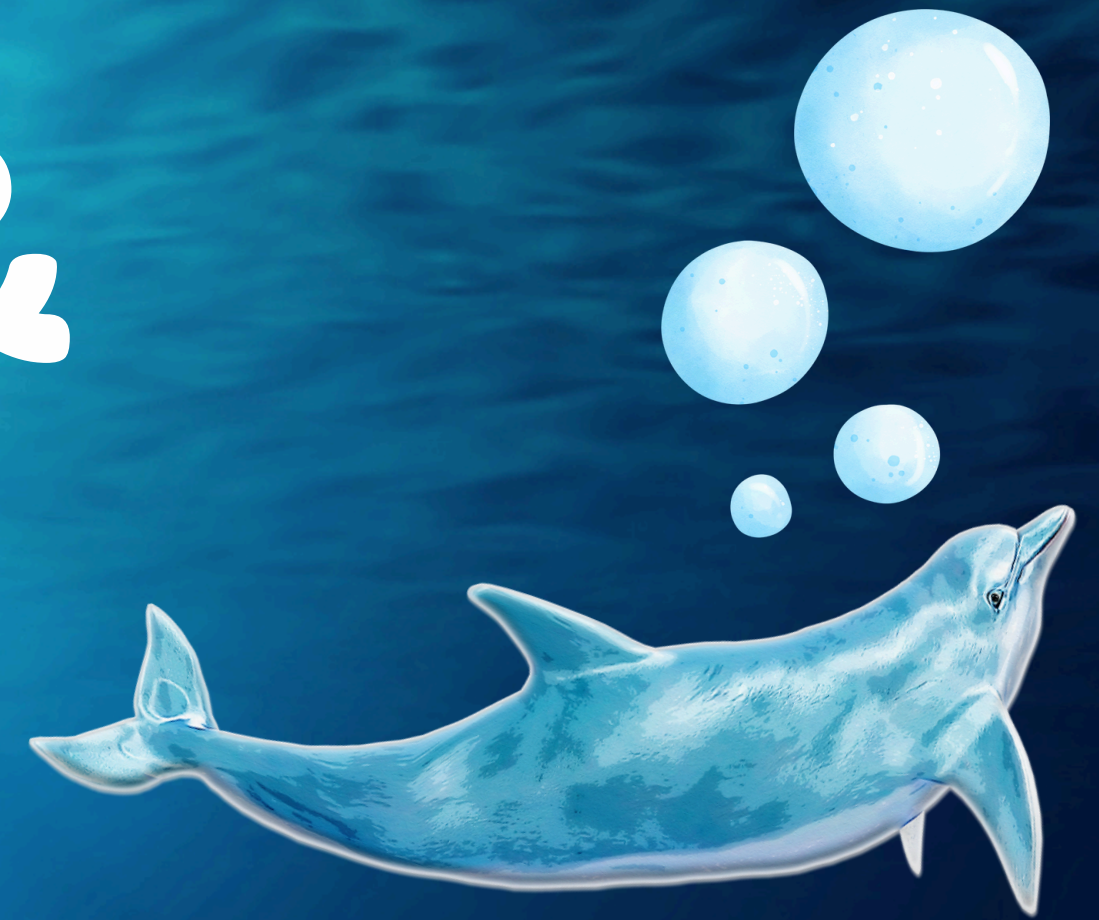

KANGAROOS

- National symbol of Australia
- Herbivores
- One of the best jumping animals.

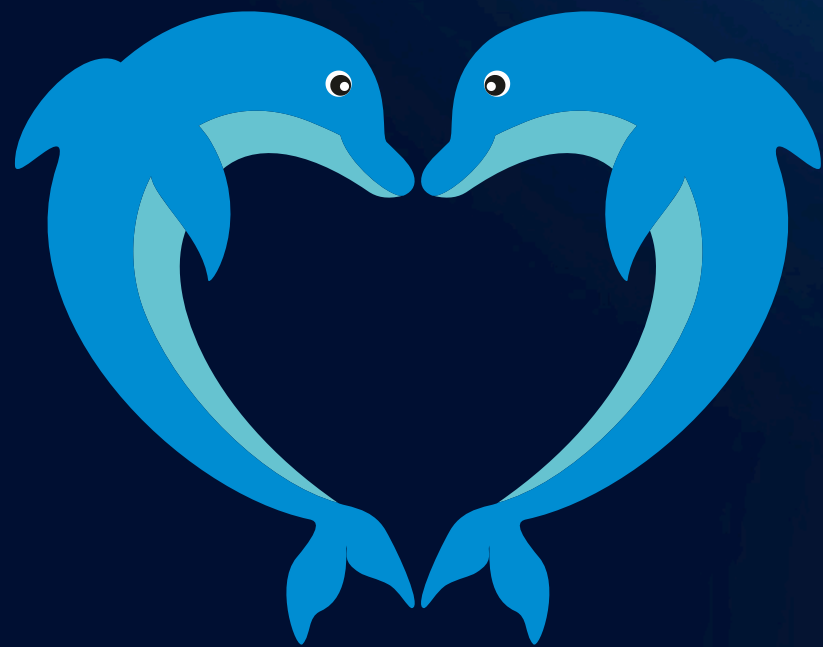

Dolphins & Whales

Watching

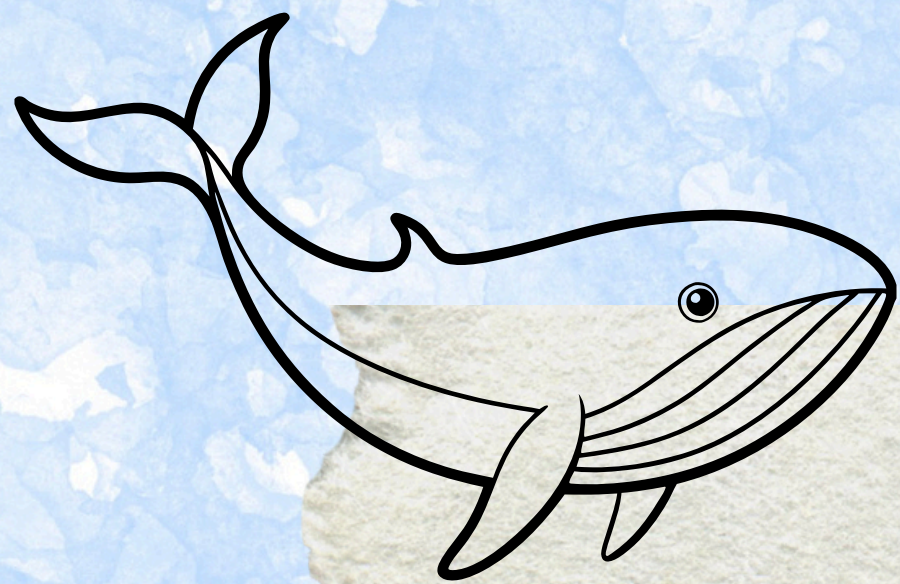

(prepared by 2S Hedva and
Hayson, 6K Amy and Lily)

Dolphins

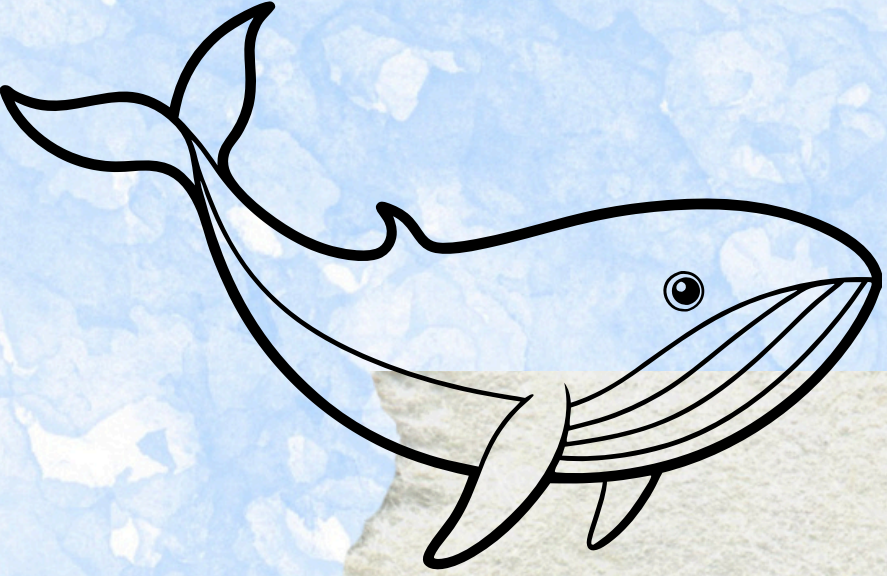

- Mammals, just like humans
- Length: 1.3 to 2.4 meters
- Weight: ~30 kilograms
- Highly intelligent — IQ similar to a 7-year-old child!

BLUE WHALES

- Largest animal on Earth — up to 33 meters long (like 3 buses!)
- Weighs 200 tons — equal to 30 adult elephants
- Heart = size of a car
- Tongue = space for 50 people to stand on

BLUE WHALES

- Population: Only 10,000–25,000 left
- Threats: overhunting, ship noise, ocean waste
- Protection: Global fishing bans now in place
- Every small action—like reducing ocean waste—helps them survive

The background is a repeating pattern of blue whales swimming in a light blue ocean. The whales are depicted in various orientations, some facing left and some right. The ocean is decorated with light blue circular bubbles and small, dark blue seaweed-like plants. In the center of the image is a large, irregularly shaped ice floe with a watercolor texture in shades of white and light blue. The word "Videos" is written in a large, black, sans-serif font across the middle of the ice floe.

Videos

Twelve Apostles of
Magic Ocean Road
&
London Bridge

The Twelve Apostles

- Location: Near Port Campbell, Victoria
- A popular tourist attraction
 - Formed by erosion
 - Beautiful scenery after sunset

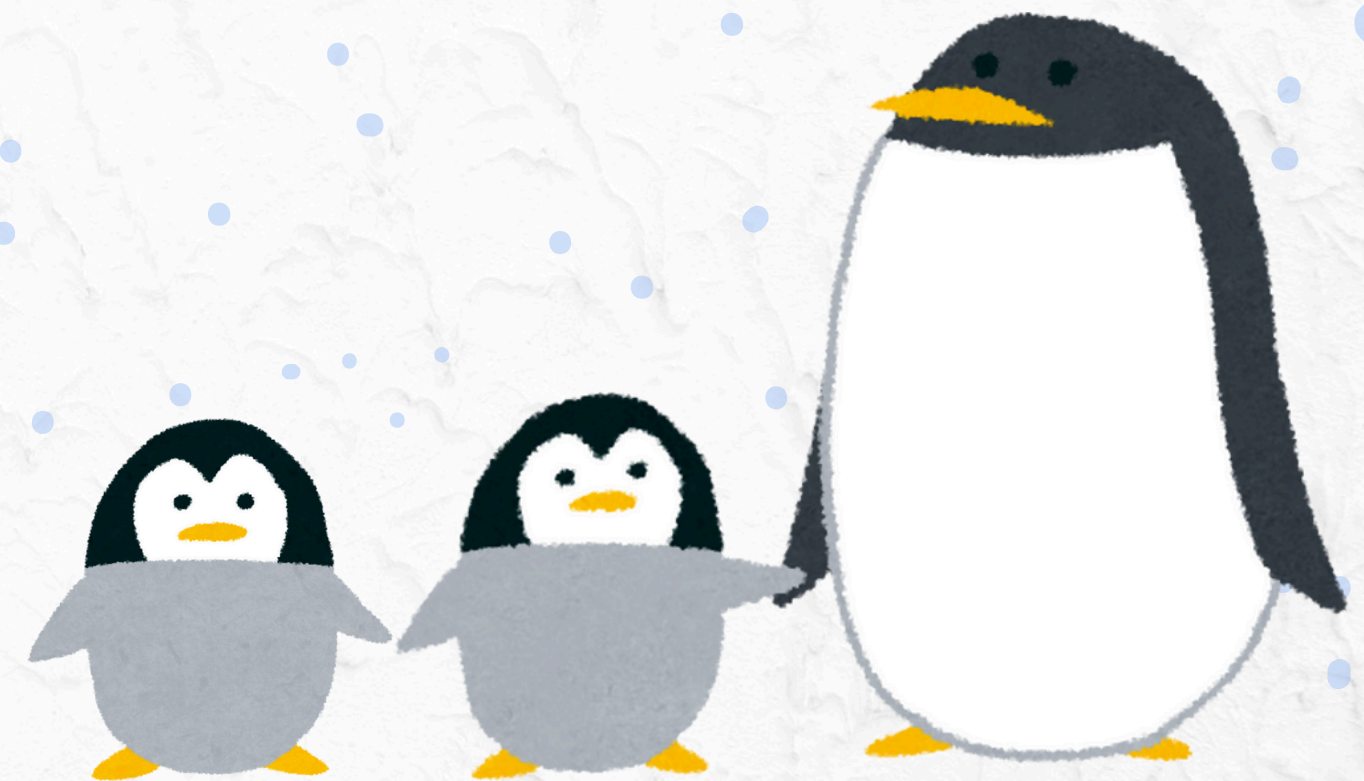

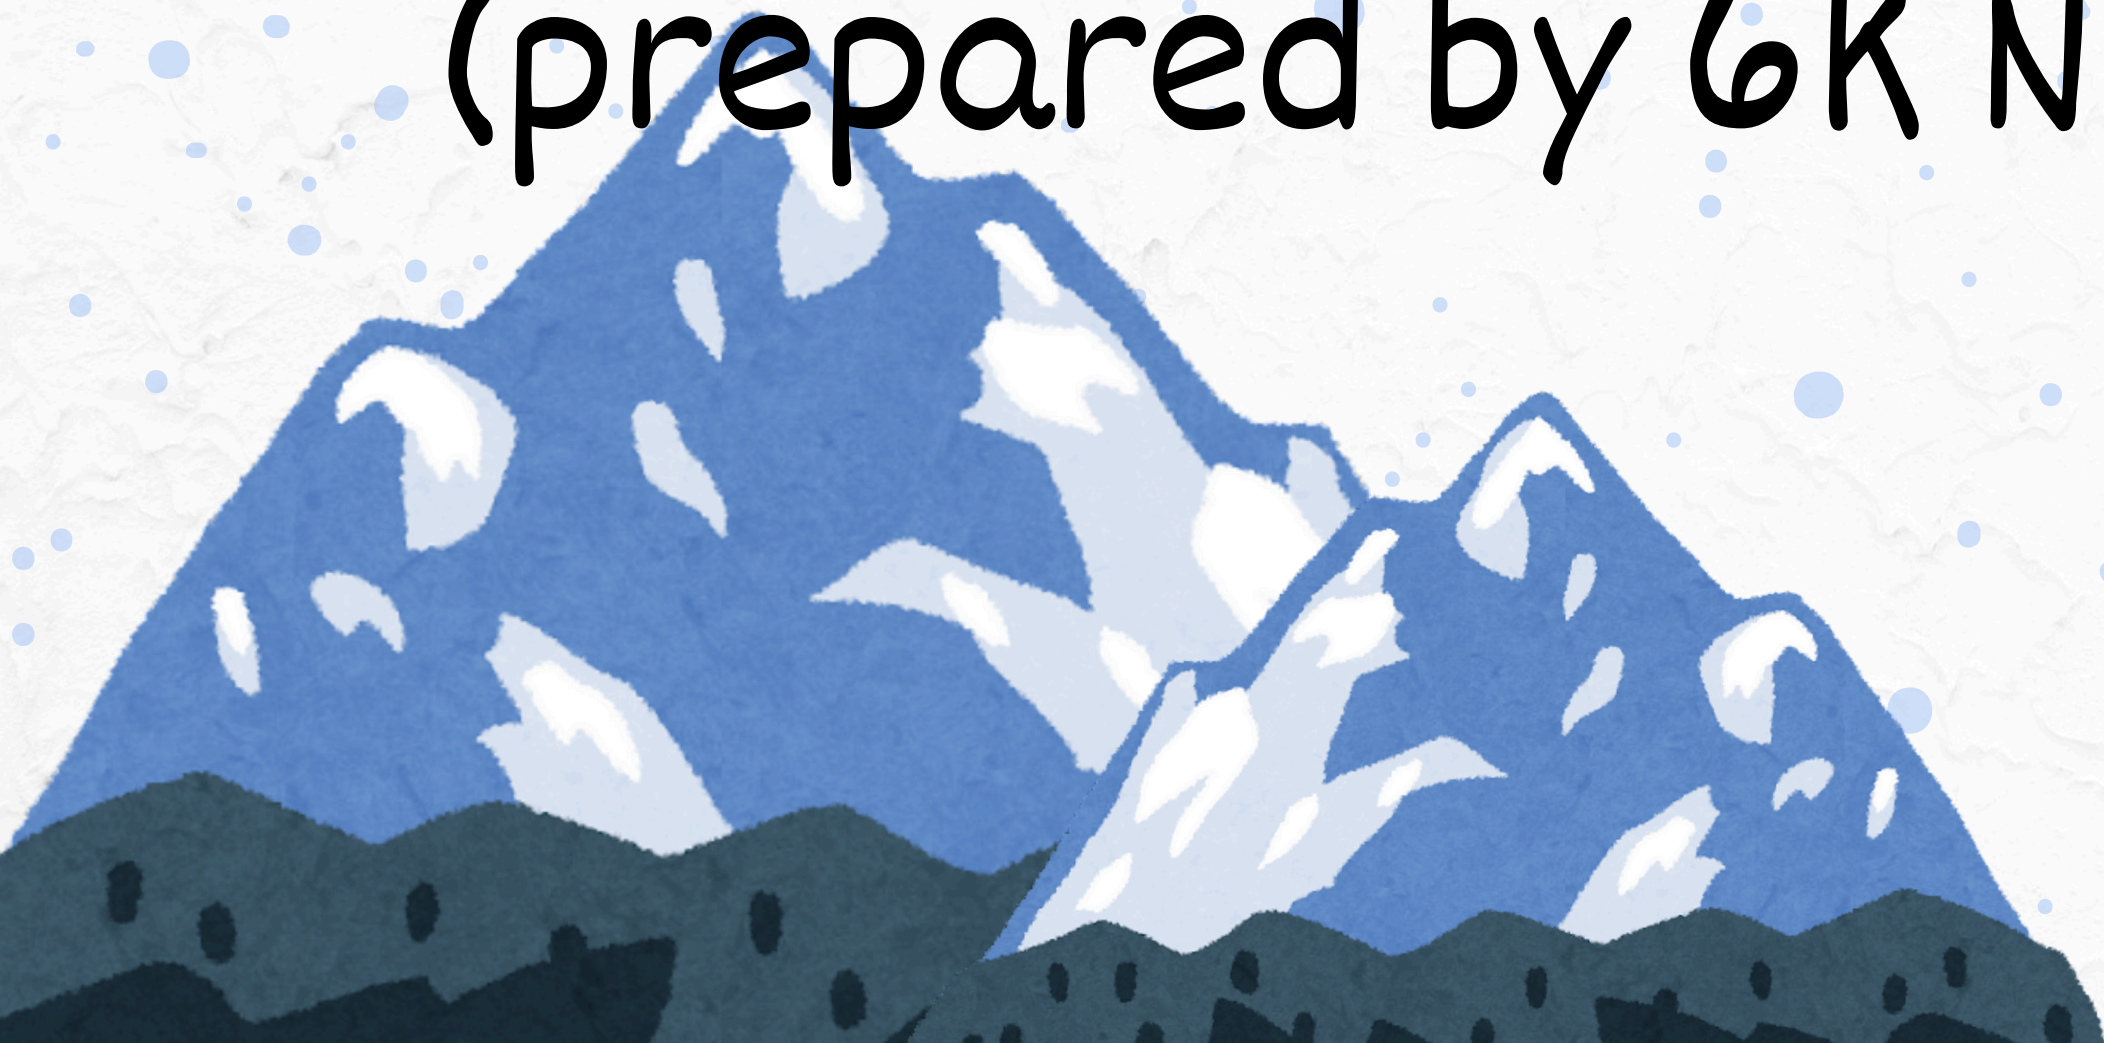

- In the vicinity of The Twelve Apostles
- An offshore natural arch
- Double-span natural bridge

London Bridge

Phillip Island Penguin Parade

(prepared by 6K Nicole & Bonnie)

Penguin Parade

- special way to go home
- ecological conservation
- have viewing platforms
- popular tourist attraction.

Fun Facts About Little Penguins

- Smallest species
- Height: 30–33 cm Weight: ~1 kg
- Spend 80% of their lives at sea
- Return to the same nesting sites every evening
- Their blue-gray feathers help to protect them from predators

The End

Thanks for listening!

LEMUR

- Primates
- about 100 existing species
- Born in Madagascar
- Active at night

WOMBAT

- Herbivorous
- cube-shaped poop
- Tough back skin
