MELBOURNE

THE HARBOUR GEM

I'm thrilled to be part of this 12-day exchange program in Australia. Melbourne is a charming city, and I'm particularly impressed by the churches that dot the streets, each one unique and distinctive. This experience has also greatly broadened my horizons. Even more valuable, it has provided me with a fully immersive English-speaking environment, which has significantly improved my language proficiency and cultural understanding. In addition, I am very grateful to the Hong Kong Sheng Kung Hui Education Service for providing scholarship support, which not only reduced my financial burden but also allowed me to devote myself wholeheartedly to this valuable study tour.
