

SO SZE CHING CINDY

MELBOURNE

A GREAT TRAVEL EXPERIENCE

The attraction I was most looking forward to was Flinders Street Station. Although it wasn't on our official itinerary, I really wanted to visit it because my favorite singer had been there during her world tour. The station is truly beautiful, especially at night when its lights are gorgeous. 🏠💙

We went to Phillip Island to watch the little penguins return to their nests. We also rode the Puffing Billy Steam train. What's cool is that you can hang your legs out from the train carriage! It was such a unique and memorable experience. !!

Furthermore, another one of my favorite places was the National Gallery of Victoria. This gallery features a variety of artworks, including Yayoi Kusama's famous pumpkin sculptures! She is one of the Japanese artists I greatly admire. 🍀🎨

Melbourne is an exquisite and artsy place !!
